Audit Committee Information

Shift has established an Audit Committee comprised of independent directors. The Audit Committee consists of Ms. McInnis and Messrs. Krikorian and Nash, with Ms. McInnis serving as its chairperson. Each of the members of the Audit Committee is independent under Nasdaq’s listing rules and under Rule 10A-3(b)(1) of the Exchange Act.

The Audit Committee will at all times be composed exclusively of independent directors who are “financially literate” as defined under Nasdaq’s listing rules. The Nasdaq listing rules define “financially literate” as being able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement.

In addition, the Company is required to certify to Nasdaq that the Audit Committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual’s financial sophistication. We have determined that Ms. McInnis satisfies Nasdaq’s definition of financial sophistication and also qualifies as an “audit committee financial expert,” as defined under rules and regulations of the SEC.

The Audit Committee is responsible for overseeing the Company’s financial reporting process on behalf of our Board of Directors. Item 11. EXECUTIVE COMPENSATION

Overview

We provide our executives with an annual base salary as a fixed, stable form of compensation, and we grant our executives equity-based compensation to provide an additional incentive to grow our business and further link the interests of our executives with those of our stockholders. In addition, we provided certain cash incentive opportunities to our executives for fiscal year 2021 (as described below) to incentivize the executives to achieve specified financial and operating objectives we believed would help create long-term value for our stockholders. Certain executives also received retention bonuses in recognition of their value to the Company in meeting its financial and strategic business objectives. We have also entered into agreements with our executives that provide for severance benefits upon certain terminations of employment.

The Leadership Development, Compensation and Governance Committee reviews our executive officers' overall compensation packages on an annual basis (or more frequently as it deems warranted) to help ensure we continue to attract and retain highly talented executives and provide appropriate incentives to continue to grow our company.

As an emerging growth company, we have opted to comply with the executive compensation rules applicable to "smaller reporting companies," as such term is defined under the Securities Act, which require compensation disclosure for the Company's principal executive officers and the next two most highly compensated executive officers.

The tabular disclosure and discussion that follow describe our executive compensation program during the fiscal year ended December 31, 2021 with respect to our named executive officers as of December 31, 2021: George Arison, Co-Chief Executive Officer; Toby Russell, Co-Chief Executive Officer; Oded Shein, Chief Financial Officer; and Sean Foy, Chief Operating Officer (collectively, the "named executive officers" or "NEOs"). Effective February 1, 2022, Mr. Russell voluntarily transitioned from his position as Co-Chief Executive Officer and Mr. Arison became the Company's sole Chief Executive Officer.

[Table of Contents](#)

The Arison Employment Agreement provides for a base salary of \$490,000 per year through 2021 and a base salary of \$590,000 commencing in 2022, which thereafter is subject to review and may be increased (but not decreased) by the Leadership Development, Compensation and Governance Committee. Pursuant to the agreement, Mr. Arison received an annual bonus of \$75,000 for continued employment through the end of 2020. Beginning with 2021, Mr. Arison is eligible for an annual incentive bonus with a target set at no less than 200% of his annual base salary, subject to achievement of performance goals to be established by the Leadership Development, Compensation and Governance Committee in consultation with Mr. Arison. The agreement provides that for 2021, Mr. Arison was eligible to earn (i) a bonus equaling 200% of his 2021 annual salary if the Company met the performance goals established by the Leadership Development, Compensation and Governance Committee based on the 2021 budget as approved by the Board of Directors, and (ii) an additional 100% of his 2021 annual salary if the Company met the performance goals established by the Leadership Development, Compensation and Governance Committee based on stretch goals when compared to the Company's 2021 budget as approved by the Board of Directors. The Arison Employment Agreement also provides that Mr. Arison is eligible to receive a bonus of \$1,750,000 in connection with the Merger, which amount was paid in full on October 31, 2020. The Arison Employment Agreement also provides that Mr. Arison is eligible to participate in certain benefit plans made available to the Company's executives, and that Mr. Arison is entitled to paid time off (vacation, holiday, and sick leave) in accordance with the Company's policies; provided, however, that Mr. Arison may take five weeks of paid time off annually. All equity awards granted to Mr. Arison under the Shift 2014 Stock Incentive Plan that were outstanding and unvested as of October 13, 2020 became fully vested on March 31, 2021.

Pursuant to the Arison Employment Agreement, on February 2, 2021, the Company granted Mr. Arison 2,283,204 restricted stock units that vest based on the passage of time ("Time RSUs") and 761,068 restricted stock units that vest upon the achievement of specified performance metrics ("Performance RSUs"). On April 5, 2021, (i) the Company and Mr. Arison entered into an amendment to the foregoing grant, whereby 1,044,272 Time RSUs were rescinded and cancelled, and (ii) the Company newly granted Mr. Arison 1,044,272 Time RSUs. 1,238,932 of Mr. Arison's Time RSUs vest quarterly from January 12, 2021 through July 31, 2022 and 1,044,272 of Mr. Arison's Time RSUs vest quarterly from July 12, 2022 through October 12, 2023, in each case, subject to Mr. Arison's continued employment through each applicable vesting date. Mr. Arison's 761,068 Performance RSUs vest quarterly over the two-year period commencing on October 13, 2022, subject to the achievement of the applicable pre-determined performance target for the applicable performance year and Mr. Arison's continued employment through each applicable vesting date.

If Mr. Arison is terminated without cause or resigns for good reason (as such terms are defined in the Arison Employment Agreement), he will be entitled to receive as severance: (i) continued payment of his base salary for 18 months (at the rate in effect for the year in which his termination occurs) and (ii) a prorated annual bonus for the year in which his termination occurs (determined based on actual performance against the Company goals established for the year and with any personal goals to be considered to be fulfilled on a prorated basis). In addition, Mr. Arison will be entitled to continued health insurance coverage if he timely elects continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") for up to 18 months on substantially the same terms as provided to the Company's other senior executives, provided he pays an amount equal to the amount active employees pay for such coverage as of the date of his termination. Mr. Arison's right to receive these severance benefits is conditioned upon his timely execution of a release of claims in favor of the Company and continued compliance with the confidentiality, non-solicitation and other restrictive covenants contained in the Arison Employment Agreement.

The Arison Employment Agreement also provides that if a change of control of the Company occurs, any payments or benefits provided to Mr. Arison that constitute "parachute payments" within the meaning of Internal Revenue Code Section 280G will either be paid in full (and subject to applicable excise tax) or reduced to the extent necessary so that no portion of such payments will be subject to the excise tax, whichever results in the greatest economic benefit to Mr. Arison on an after-tax basis.

Following Mr. Russell's voluntary separation from the Company, certain of his outstanding and unvested equity awards vested pursuant to the terms of the Russell Transition Agreement, as described below. The remainder of his unvested restricted stock units were forfeited in accordance with the terms of the applicable award agreement.

The Russell Employment Agreement also provided that if a change of control of the Company occurred, any payments or benefits provided to Mr. Russell that constituted "parachute payments" within the meaning of Internal Revenue Code Section 280G would either be paid in full (and subject to applicable excise tax) or reduced to the extent necessary so that no portion of such payments would be subject to the excise tax, whichever resulted in the greatest economic benefit to Mr. Russell on an after-tax basis.

In addition, Mr. Shein will be entitled to continued health insurance coverage if he timely elects continuation coverage under COBRA for up to 12 months on substantially the same terms as provided to the Company's other senior executives,

provided he pays an amount equal to the amount active employees pay for such coverage as of the date of his termination. In addition, Mr. Foy received an advance of \$100,000 of his 2020 year-end bonus in the form of an unsecured promissory note dated January 14, 2019. In October 2020, Mr. Foy received a bonus as described under "Foy Bonus Letter" below to assist him with satisfying this note. On October 9, 2020, this bonus was paid to Mr. Foy, less applicable withholding and less the amount owed under the promissory note, which note was then fully paid off as of such date.

Foy Retention Agreement

On January 10, 2022, the Company entered into a Retention Bonus Agreement with Mr. Foy (the "Foy Retention Agreement"). Pursuant to the Foy Retention Agreement, Mr. Foy will be eligible to receive a cash payment of \$2,000,000 (the "Retention Bonus") subject to his remaining a full-time employee in good standing through November 19, 2023 and executing a release of claims in favor of the Company. If (i) Mr. Foy resigns from his position for any reason, (ii) Mr. Foy's employment with the Company is terminated due to death or disability (as defined under the Company's long-term disability plan and/or policy applicable to Mr. Foy, as may be modified or implemented from time to time), or (iii) the Company terminates Mr. Foy's employment for cause (as defined in the Foy Retention Agreement), in each case, at any time prior to November 19, 2023, Mr. Foy will no longer be eligible to receive the Retention Bonus. If the Company terminates Mr. Foy's employment without cause prior to May 19, 2023, Mr. Foy will no longer be eligible to receive the Retention Bonus. However, if the Company terminates Mr. Foy's employment without cause after May 19, 2023 and prior to November 19, 2023, then, subject to Mr. Foy executing a release of claims in favor of the Company, Mr. Foy will be paid a prorated portion of the Retention Bonus (with such proration based on whole months worked).

Severance Plan for Key Management Employees

On January 6, 2022, the Compensation Committee adopted a Severance Plan for Key Management Employees (the “Severance Plan”) to provide severance benefits to certain key management employees of the Company, including but not limited to the NEOs; provided, however, that the Severance Plan will not apply to the Chief Executive Officer until his participation is approved by the Board, which is expected to occur in the first quarter of 2022. Participating executives are eligible to receive severance benefits if their employment is terminated for cause or without good reason (each as defined in the Severance Plan) and they enter into a release agreement with the Company within 60 days of such termination. Specific severance benefits are dependent on each executive’s position and whether their termination occurs upon or within one year of a change in control (as defined in the Shift Technologies, Inc. 2020 Omnibus Equity Compensation Plan, as amended (the “Equity Plan”). Generally, following a qualifying termination, an executive will be eligible to receive certain cash severance and the option to receive certain continuing health insurance coverage under COBRA. If such termination occurs upon or within one year of a change in control, an executive will also be eligible to receive: (i) a payment equal to the executive’s prorated annual bonus, (ii) vesting of all or a portion of the outstanding unvested equity awards held by the executive under the Equity Plan, and (iii) to the extent applicable to the executive, a payment equal to a prorated portion of any unpaid retention payment payable under a written retention agreement then in place between the executive and the Company. Severance benefits payable under the Severance Plan are not intended to be duplicative of other separation payments or benefits that may be payable to an executive under another agreement or arrangement with the Company, including, for the avoidance of doubt, under any executive employment agreement.

2021 Annual Bonuses

Each of the named executive officers were eligible to receive an annual incentive bonus up to the following amounts, pursuant to their respective employment agreement or offer letter, as applicable:

(1) Pro-rated for the number of days employed by the Company in 2021.

Accordingly, the Leadership Development, Compensation and Governance Committee determined to pay 2021 annual bonuses in amounts reflecting the achievement of stretch goals for fiscal year 2021.

Adjusted EBITDA Margin is non-GAAP financial measure used to supplement our financial statements, which are based on U.S. generally accepted accounting principles (GAAP). For a definition and discussion of this measure, see “Definitions of Non-GAAP Financial Measures” at the end of this Item 11.

Employees may elect to defer a percentage of their eligible compensation (not to exceed the statutorily prescribed annual limit) in the form of elective deferral contributions to the 401(k) Plan. The plan also has a “catch-up contribution” feature for employees aged 50 or older (including those who qualify as “highly compensated” employees) who can defer amounts over the statutory limit that applies to all other employees. We do not currently provide matching or other contributions under the plan.

Compensation of Directors

Our Leadership Development, Compensation and Governance Committee periodically reviews the competitiveness of our Directors Compensation Policy applicable to non-employee directors. Directors who are also our employees or officers do not receive additional compensation for serving on the Board of Directors. Members of the Board of Directors are not paid separate fees for meeting attendance.

Shares for equity awards pursuant to the Directors Compensation Policy are issued from our stockholder-approved equity compensation plan in effect at the time of award (currently the Equity Plan) and pursuant to which we are authorized to grant shares of our common stock and share-based awards to directors. To the extent we are unable to issue registered shares under an effective Form S-8 at the time quarterly cash payments are to be made, any amount otherwise payable in shares shall be paid in cash for purposes of the relevant quarter.

Our Directors Compensation Policy was determined in accordance with industry practice and standards. Our non-employee directors are compensated with a combination of cash and equity in the Company, with additional compensation for service on Board committees. The Directors Compensation Policy for fiscal year 2021, which has been in effect since February 10, 2021, includes the following compensation components for services rendered by our non-employee directors:

- Annual cash retainer of \$40,000.
- Additional annual cash retainer of \$50,000 for serving as the Lead Director, if applicable.

[Table of Contents](#)

- Additional annual cash retainer of \$20,000 for serving as Chairperson and \$10,000 for serving as a member (other than the chairperson) of the Audit Committee, payable quarterly in arrears.
- Additional annual cash retainer of \$15,000 for serving as Chairperson and \$5,000 for serving as a member (other than the chairperson) of the Leadership, Development, Compensation and Governance Committee, payable quarterly in arrears.
- Annual grant of Time RSUs having a fair market value (as determined under the Equity Plan) of \$100,000 on the date of our annual meeting of stockholders and which Time RSUs shall vest in full on the date of the first annual meeting of stockholders following the grant date as explained above.

If a non-employee director is elected at any time other than at our annual meeting of stockholders, such director will receive an initial grant of restricted stock units having a fair market value (as determined under the Equity Plan) of \$100,000 on the date of such non-employee director's election, if applicable, prorated in the case of service for less than an entire quarterly period or annual period, as the case may be.

Additionally, a non-employee director may elect annually in advance to receive fees that would otherwise be payable in cash in the form of shares, in which case the non-employee director would receive at the time the cash fees would have been payable, shares of stock having an equivalent fair market value (as determined under the Equity Plan) on such date.

Definitions of Non-GAAP Financial Measures

In this Item 11, we refer to Adjusted EBITDA Margin. This is a non-GAAP financial measure used to supplement our financial statements, which are based on U.S. generally accepted accounting principles (GAAP). We define Adjusted EBITDA as net loss adjusted to exclude stock-based compensation expense, depreciation and amortization, net interest income or expense, impact of change in fair value of financial instruments, warrant milestone impact, and other cash and non-cash based income or expenses that we do not consider indicative of our core operating performance. We define Adjusted EBITDA Margin as Adjusted EBITDA divided by revenue.

The non-GAAP amounts for Adjusted EBITDA and Adjusted EBITDA Margin shown in the following table should not be considered as substitutes for net income or other data prepared and reported in accordance with GAAP, but should be viewed in addition to our reported results prepared in accordance with GAAP.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Review of Related Party Transactions

Pursuant to the charter of the Audit Committee, the Audit Committee reviews with both management and the independent auditors and approves any related party transactions or dealing between parties related to the Company. In accordance with this policy, the Audit Committee reviews and considers for approval any transactions in which (i) Shift or one of its subsidiaries is a participant, (ii) the amount involved exceeds \$120,000 and (iii) a related person has a direct or indirect material interest, other than transactions available to all employees of the Company generally. In assessing a related party transaction brought before it for approval the Audit Committee considers, among other factors it deems appropriate, whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. The Audit Committee may then approve or disapprove the transaction in its discretion.

For purposes of this policy, "related person" and "transaction" have the meanings contained in Item 404 of Regulation S-K. The individuals and entities that are considered "related persons" include:

- Directors, nominees for director and executive officers of Shift;
- Any person known to be the beneficial owner of five percent or more of our common stock (a "5% Stockholder"); and
- Any immediate family member, as defined in Item 404(a) of Regulation S-K, of a director, nominee for director, executive officer or 5% Stockholder.

Any related person transaction will be disclosed in the applicable SEC filing as required by the rules of the SEC.

Related Party Transactions

Sales with Related Party

The Company operates a one-sided marketplace ("OSM") program whereby the Company acquires cars primarily from consumers in Oxnard, California and sells them directly and solely to Lithia. The Company invoices Lithia based on the purchase price of the car plus an agreed upon margin. During the years ended December 31, 2021 and 2020, the Company recognized approximately \$16.8 million and \$5.4 million, respectively, of sales from the OSM agreement with Lithia.

Accounts Receivable from Related Party

As of December 31, 2021 and December 31, 2020, the Company had \$2.1 million and \$0.6 million in outstanding accounts receivable from Lithia, which is comprised of \$2.0 million and \$0.5 million, respectively, in vehicle sales and \$0.1 million and \$0.1 million, respectively, in commissions based on the number of loan contracts booked with US bank. The Company operates under Lithia's master agreement with US Bank where the collections pass through Lithia.

Warrant and Commercial Agreements

In September 2018, the Company entered into a warrant agreement (the "Warrant Agreement") and a commercial agreement for Milestone 1 with Lithia and granted Lithia a warrant to purchase 86,661,588 shares of Legacy Shift common stock at an exercise price of \$0.01 per share (the "Warrant Shares"). The Warrant Shares were scheduled to vest and become exercisable in six separate tranches of 14,443,598 shares each. Vesting and exercisability was dependent upon the achievement of the Milestones, as defined below. While the Warrant Agreement establishes general vesting terms for each of the six Milestones, each of the six Milestones contains substantive service or performance requirements, and were non-binding as neither the Company nor Lithia were obligated to perform until the commercial agreement associated with each Milestone was executed.

Table of Contents

Two tranches of 14,443,598 Warrant Shares were scheduled to vest and become immediately exercisable upon the achievement of each of Milestone 1 and Milestone 2. The remaining four tranches of 14,443,598 Warrant Shares were scheduled to vest and become exercisable on January 12, 2020 (the “Vesting Cliff Date”), provided that Milestone 3, Milestone 4, Milestone 5 and Milestone 6 were achieved prior to such date. If such Milestone had not been achieved by the Vesting Cliff Date, such 14,443,598 Warrant Shares would vest and become immediately exercisable upon the achievement of such Milestone. With respect to any unvested Warrant Shares that had not vested by June 12, 2020 (the “Vesting Termination Date”), the Warrant would automatically terminate. All Warrant Shares became vested prior to the Vesting Termination Date and were exercised prior to the Merger.

- Milestone 1 — the Company, with Lithia’s assistance, enters into acceptable credit facilities with access to asset-based used vehicle floorplan financing.
- Milestone 2 — the Company and Lithia enter into a data sharing commercial agreement whereby Lithia agrees to transfer certain historical transaction and inventory data to the Company.
- Milestone 3 — the Company and Lithia enter into a lease and services agreement whereby Lithia will make available at least one of its locations for the Company’s use as a storage/reconditioning/retail delivery center.
- Milestone 4 — the Company and Lithia enter into a lease and services agreement whereby Lithia will make available at least three of its locations for the Company’s use as a storage/reconditioning/retail delivery center.
- Milestone 5 — the Company and Lithia enter a commercial agreement whereby Lithia agrees to use commercially reasonable best efforts to help the Company secure and maintain access to finance and insurance products on par with a typical Lithia store.
- Milestone 6 — the Company and Lithia entering into a commercial agreement where Lithia will purchase mutually-agreed upon vehicles from the Company in a minimum of three existing Lithia markets.

2018 Milestones

The commercial agreement agreed to with Lithia in September 2018 was entered into concurrently with arrangements that provide for Lithia’s guarantee of the flooring line of credit for a three-year period and the provision by Lithia for the delayed draw facility, see Note 7 - Borrowings. The Company determined that there was significant value in the terms received related to both the guarantee and delayed draw facility, for which the Company transferred the warrants identified in Milestone 1 as compensation. Accordingly, upon entering into the arrangements, the Company measured the fair value of the guarantee received at \$9.1 million and the fair value of the delayed draw facility at \$5.7 million.

The fair value of the guarantee is treated as a deferred borrowing cost associated with the flooring line of credit and is included within deferred borrowing costs on the consolidated balance sheets and is being amortized over the three-year guarantee period, which resulted in \$2.1 million and \$3.0 million of interest expense for the years ended December 31, 2021 and 2020, respectively. The deferred loan commitment cost was amortized over the four-year loan commitment period and the remaining balance was written off when the DDTL was repaid on November 10, 2020. Amortization of the deferred loan commitment cost associated with the delayed draw facility resulted in total interest expense during the year ended December 31, 2020 of \$4.0 million.

The warrants issued with Milestone 1 were determined to be liability classified, subject to remeasurement, and were recorded as a non-current liability on the consolidated balance sheets as of March 31, 2020. The warrants were exercised in connection with the Merger closing on October 13, 2020. The Company recognized a remeasurement loss of \$9.5 million for the year ended December 31, 2020.

2019 Milestones

In connection with the negotiations related to Milestone 5, Lithia facilitated an agreement with Automotive Warranty Services (“AWS”) to sell and market AWS’s service plans, whereby the Company receives commission rates from AWS of comparable terms to those received by Lithia. In substance the Company paid Lithia, in the form of Warrant Shares, to make an upfront payment to Company’s customers on behalf of the Company as the Company

achieved favorable pricing from AWS. The benefits of this agreement were guaranteed by Lithia for an initial term of five years commencing on the signing date of the agreement. Such arrangement was the first of a number of agreements to be entered into under the terms of Milestone 5, see further discussion below. The estimated fair value of the in substance upfront payment to AWS was \$2.8 million with an offsetting entry recorded to additional paid-in capital, representing a capital transaction with a related party.

Milestone 5 was met in October 2019 and the Company recorded the warrants to additional paid-in capital based on a fair value of \$4.3 million. Milestone 5 was achieved after a mutual signed agreement was entered into evidencing that Lithia provided commercially best efforts to help the Company secure and maintain access to four finance and insurance products on par with a typical Lithia store. The fair value of the in substance upfront payment, other than the \$2.8 million for AWS discussed above, was \$0.4 million and was recorded to other non-current assets on the consolidated balance sheets. The combined asset recorded of \$3.2 million is subject to amortization over a five-year period expected period of benefit. During the years ended December 31, 2021 and 2020, the Company amortized \$0.6 million and \$0.6 million, respectively of the asset as a reduction to finance and insurance sales, which is recorded within other revenue, net on the consolidated statements of operations and comprehensive loss. As of December 31, 2021 and December 31, 2020, the remaining asset, net of amortization, was \$1.2 million and \$1.9 million, respectively.

Lease Agreements

On November 1, 2018 and July 10, 2019, pursuant to Milestone 3 and 4, the Company and Lithia, entered into license and services agreements that govern the Company's access to and utilization of reconditioning, offices and parking spaces at the Concord and Portland facilities of Lithia, respectively. Both agreements expired on October 12, 2021. During the years ended December 31, 2021 and 2020, total costs related to these agreements were approximately \$0.1 million and \$0.1 million, respectively. The lease costs were expensed to selling, general and administrative expenses on the consolidated statements of operations and comprehensive loss.

Flooring Line of Credit Guarantee

In February 2019, the Company entered into a guarantee agreement with Lithia. The interest rate is 1.50% per annum based on a daily outstanding flooring line of credit and is payable monthly to Lithia. For the years ended December 31, 2021 and 2020, the Company recorded \$78 thousand and \$0.2 million, respectively, of interest and \$2.1 million and \$3.0 million, respectively, of deferred borrowing cost amortization to interest and other expense, net on the consolidated statements of operations and comprehensive loss. The guarantee expired continuously with the US Bank FLOC on October 11, 2021.

Delayed Draw Term Loan Agreement

The Company drew down \$12.5 million on December 27, 2019, in accordance with the DDTL agreement. On July 2, 2020, an additional \$12.5 million was drawn down. On November 10, 2020 the outstanding amount of \$25.0 million was repaid. For the year ended December 31, 2020, the Company recorded \$0.3 million of interest and \$4.0 million of deferred borrowing cost amortization to interest and other expense, net on the consolidated statements of operations and comprehensive loss. See Note 7 - Borrowings for further discussion regarding the DDTL.

Accounts Payable Due to Related Party

As of December 31, 2021 and December 31, 2020 payables and accruals to Lithia consisted of other miscellaneous expenses of \$0.2 million and \$0.5 million, respectively.

Loan to Employees

On July 30, 2018 and April 4, 2019, the Company received partial recourse promissory notes for \$0.2 million and \$0.1 million, respectively, as loans to an employee. The notes bear interest of 2.87% and 2.59%, respectively, per year, compounded annually. The principal balance together with all accrued but unpaid interest shall be due and payable in full upon the earliest of the day before the ninth anniversary of the promissory note or earlier if the employee ceases to provide services to the Company subject to the terms of the promissory note. Concurrently, the Company entered into a stock pledge agreement whereby the employee granted security interest to the Company for all existing and new shares earned by the employee from the Company. The proceeds from loan the of \$0.2 million

were used to exercise the employee's options and no cash was paid to the employee. The Company treated the loan as an off-balance sheet transaction. The proceeds from the loan of \$0.1 million was partially paid to the employee and partially used to pay off taxes resulting from exercise of options in 2018.

On January 14, 2019, the Company received a promissory note in exchange for a \$0.1 million loan to another employee. The note bears an interest of 2.72% per year, compounded annually. Each of these promissory notes was satisfied prior to the closing of the Merger via the issuance of bonuses to the employees.

Director Independence

As a result of our common stock being listed on the Nasdaq Stock Market ("Nasdaq"), Shift adheres to the rules of such exchange in determining whether a director is independent. Nasdaq listing rules require that a majority of the board of directors of a company listed on Nasdaq be composed of "independent directors," which is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship, which, in the opinion of the company's board of directors, would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director.

Our Board of Directors has undertaken a review of its composition, the composition of its committees and the independence of our directors and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board of Directors has determined that none of Victoria McInnis, Kellyn Smith Kenny, Jason Krikorian, Emily Melton, Adam Nash and Manish Patel has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors qualifies as an independent director under the Nasdaq listing rules. In making these determinations, our Board of Directors considered any current and prior relationships that each non-employee director has with the Company and all other facts and circumstances our Board of Directors deemed relevant in determining independence, including the beneficial ownership of our common stock by each non-employee director.

Pre-Approval Policies and Procedures

The charter of the Audit Committee requires that the Audit Committee (i) approve the annual audit fees to be paid to the independent auditors and (ii) pre-approve all audit services, as well as all permitted non-audit services to be performed for the Company by the independent auditors as and to the extent required by the Exchange Act and the Sarbanes-Oxley Act of 2002. The Audit Committee must consider whether the provision of permitted non-audit services by the independent auditors is compatible with maintaining the auditor's independence, and shall solicit the input of management and the independent auditors on that issue. The chair of the Audit Committee (or any other member if the chair is unavailable) may pre-approve such services in between Committee meetings; provided, however, that the chair (or such other member) must disclose all such pre-approved services to the full Committee at the next scheduled meeting.

Prior to the Merger, all of the services listed in the table above provided by Grant Thornton were approved by Insurance Acquisition Corp. in accordance with its policies then in effect. Following the Merger, all of the services listed in the table above provided by Deloitte were approved by our Audit Committee.
